TEMPLE UNIVERSITY®

*School of Architecture: Facility Management Program*

Dear FM Colleagues:

In fall 2010, The Tyler School of Art Department of Architecture inaugurated a Bachelor of Science program in Facilities Management. The creation of this program took years of dedication and the rewards are already fruitful. In 2013 the program graduated 4 students with a BS in Facilities Management; in 2015 that number will be closer to 17! It is an exciting time for Facilities Management education. The students are enthusiastic about their career choice and are eager to get experience and learn.

We are reaching out to the regional corporate community, fellow Facilities managers and Temple alumni and friends in an effort to find rich, interesting and experiential Facilities Management internships for our growing student body.

These FM students are the emerging leaders of our organizations. By giving them 6-8 weeks of exposure to Facilities Management processes, practices and procedures you can help continue to build their foundation. These young men and women are eager for practical skills and mentorship that can only truly be obtained in the field. You will be amazed at what they already know, how quickly they learn and how much of an asset they can be to your organization.

Whether your organization has a formal internship program or you are considering your first intern, Temple University has an array of options to assist you in the process:

- Temple University has an on-line Career Center Management System where you can directly post job and internship opportunities at no cost. The system is called the **OwlNetwork** and can be accessed at [www.templeuniv.experience.com/emp/sblogin](http://www.templeuniv.experience.com/emp/sblogin)
- You may directly contact the Temple Career Center at (215) 204-7981 or [recruit@temple.edu](mailto:recruit@temple.edu) for assistance with your posting

- Or if you would like to learn more about our program at Temple and what an FM internship might entail you may contact me directly at [alana.dunoff@temple.edu](mailto:alana.dunoff@temple.edu). I would be glad to talk with you and help you through the process.

We know that employers want to hire young professionals who have experience. We are asking you to give our students that experience in our dynamic and ever evolving field of Facilities management. Whether you are an FM in a corporate setting or are a FM service provider you have a lot to offer these students.

I look forward to hearing from you. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Alana F. Dunoff". The signature is written in a cursive style with a large, stylized 'A' and 'D'.

Alana F. Dunoff  
Associate Adjunct, Temple University
